

‡

I think I would like to remember  
any day of my life like  
super-autobiographical memory  
people remember every day  
of their lives a video quality “I go on  
scraping the potatoes” narrating  
the kind of lover I would be in  
a rent controlled apartment

‡

archivist on the end of expired  
tap from-below POV  
in shopping for history  
books my Romanov name-  
sake murdered on my birth-  
day a leafy branch grows  
from my forehead and

like an idiot I weed it  
the value of an extra orifice  
in secret RIM society

‡

pre carpal tunnel peri sciatica post  
varicose potbelly bath business  
enter editor in eight  
fields in eucalyptus room  
full story on the damage  
of a poet

‡

Koch built work camp  
quality of life exiles 1982  
send-a-message bodies  
F hangs out beneath  
the river nothing across  
the PA system is so

cuts to service so broken  
windows theory so zero  
tolerance rhythm of our  
geese and vegetable offer  
lays waste to anti-circadian  
intrigue slump of my shoulder  
below attitude of her  
head in prayer

‡

11:44am became spring  
snow New York City news is New  
Jersey news so why this ambulance  
again who knows these histrionics  
about snow in spring how long  
how long before our bodies  
can merge with air

‡

overshoot notary  
caught in other fantasy  
“you again” the one who forgets  
to sign in the presence of  
Carmine so many frozen  
yogurt spaceships landing  
next to banks

‡

proper amount of space  
between bodies changes our  
heavy weights form a sightline  
for frenetic birds you don't  
need to know someone's name  
why we need sexual activity  
prohibited signs suffer the morning  
in royal blue robes
